About

If your Agency is utilizing Authorizations, an Administrator can manage what is displayed as an option in the Procedure drop-down located in the **Authorization Tracker**. If multiple procedures are authorized at once, an Authorization Group can be created to select. Whenever one of the services in the group is provided to a client, the Authorization Tracker will adjust the remaining authorizations that are available.

Add an Authorization Group

1. Navigate to Billing Configuration in NSS Clinical by following the path above.
2. Click the **expand** button to expand the Activity field row.

Select Field(s)	Order	Field	Type	Edit
<input type="checkbox"/>	1	Start Time	Time	Edit
<input type="checkbox"/>	2	Stop Time	Time	Edit
<input checked="" type="checkbox"/>	3	Activity	Dropdown	Edit
<input type="checkbox"/>	4	Program	Dropdown	Edit

3. Click the **Add New Choice** button.
4. In the **Choice Text** field, add a description of what you'd like to call the Authorization Group. This is what is displayed as an option in the Procedure drop-down in the Auth Tracker widget.

Note: If you want the Authorization Group to show at the top of the list in the Procedure drop-down in the Authorization Tracker, enter a "*" first. (e.g. *All Individual Therapy).

5. In the **Choice Value** field, enter the **Act ID Code(s)** to match the Activity Codes from the Billing Engine: **Maintenance and Setup > Activity Codes > Activity Codes**. Make sure to separate multiple codes by placing a comma after each code with no space added.

Choice Text	Choice Value
<input type="text"/>	<input type="text"/>
90832,90834,90837,90846,90847 HALF INDIVIDUAL, INDIVIDUAL, INDIVIDUAL EXTENDED, FAMILY WITHOUT CLIENT AND FAMILY	90832,90834,90837,90846,90847
