About

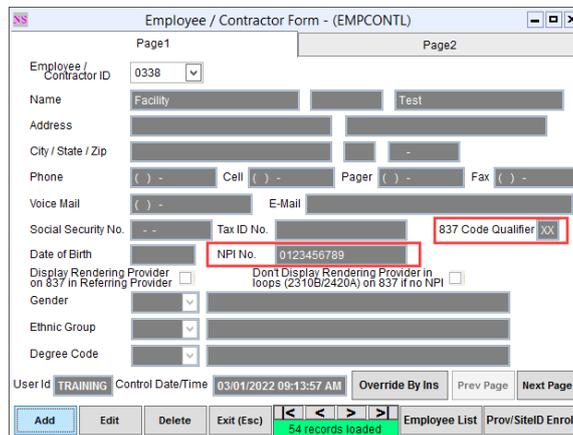

The workflow below describes how to set up the Billing Engine to show your Facility Name and Facility NPI as the Rendering Provider in an 837 file, a setup piece that is particularly applicable to Dispensing Agencies. The information is set up at the staff and Activity Code level and applies to a specific Party Type (e.g. if Party Type 4 is selected this would apply to **all plans** under Medicaid).

Table of Contents

The steps below are intended to be followed in order to complete the setup.

Step 1: Employee Contractor Form Setup for Facility

1. Navigate to the Employee/Contractor List: **Maintenance and Setup > Employees > Employee/Contractor > Employee/Contractor.**
2. Click the **OK** button.
3. In the Employee/Contractor Form, click the **Add** button.
4. Complete the following fields in the Page 1 tab:
 - **Employee/Contractor ID:** Enter a number.
 - **Name:** Enter the name of your Facility.
 - **NPI No.:** Enter the Facility NPI No.
 - **837 Code Qualifier:** Enter **XX**. This field indicates there is an NPI # to go on claims.

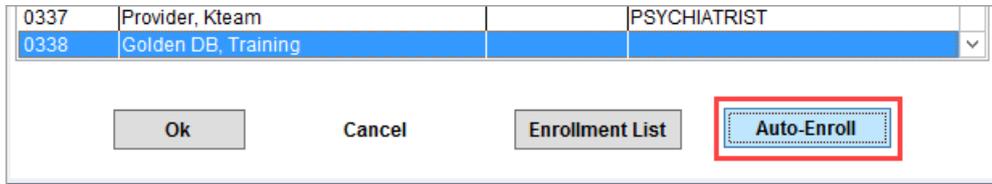

5. Click the **Save** button.

Step 2: Staff Form Setup for Facility

1. Navigate to the Staff List: **Maintenance and Setup > Employees > Staff > Staff.**
2. Select the Facility "staff entry" you created in Step 1 and click the **OK** button.
3. Click the **Edit** button.
4. Click the **Discipline** drop-down and select a discipline. You can select any discipline here.
5. In the **Taxonomy Code** field, enter your Facility's taxonomy code.
6. Click the **Save** button. Do **not** exit the window.

Step 3: Staff Enrollment Setup for Facility

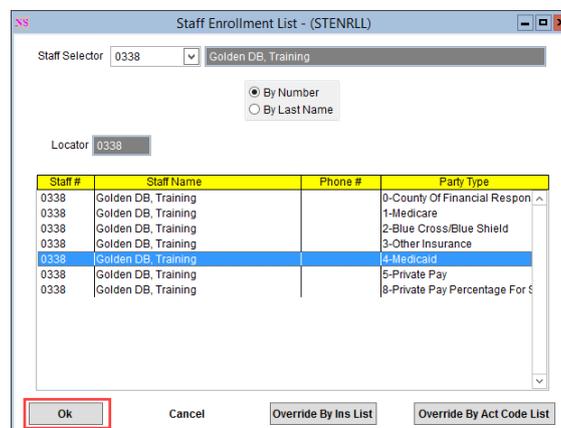

1. While still in the Staff Form, click the **Staff List** button.
2. With the Facility still highlighted in the Staff List, click the **Auto-Enroll** button to enroll the Facility "staff entry" in all Party Types.
