About

Below is a listing of the standard Adjustment Note reasons that are available in System Codes in the NextStep Billing Engine.

Follow the path above to access System Codes and in the **Code Type Locator** field, enter **TXNNT** to see the list. It may be necessary to add your own Adjustment Note reasons that are used in your office to the list. To do so, follow the steps in [Add Adjustment Codes used in Office](#).

Tip: To quickly locate an Adjustment Note reason press **Ctrl + F** on your keyboard and type the Code Value or part of the description.
