

Field Types That Can be Added to Forms or Notes

Last Modified on 03/15/2023 5:50 pm EDT

About

The table below contains a list of types of fields that can be added to Forms and/or Notes in NextStep Clinical. Note that certain fields may only be available on specific types of Forms and Notes. If you are trying to add a field below to a Form or a Note and you do not see it in the Type drop-down menu, then that type of field cannot be added to the Form or Note Type. "Legacy" refers to Fields Types that are no longer in use.

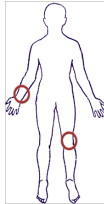

Tip: To quickly search this table, use the Filter and Sort options. Java must be enabled in order to use these capabilities.

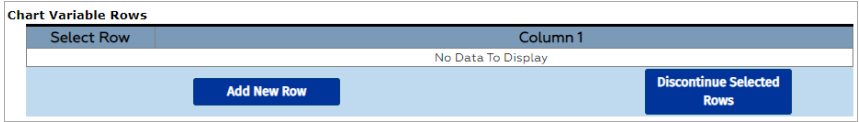

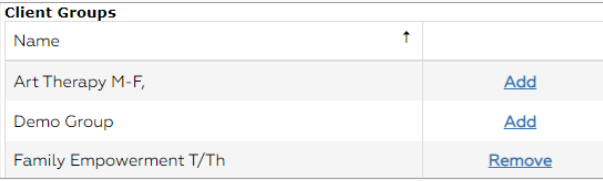

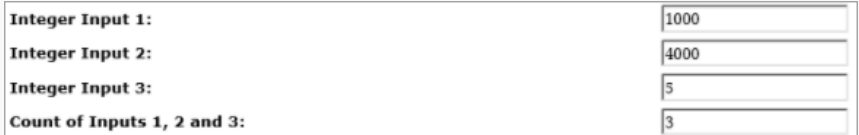

- Filter:** Enter specific keywords into the Filter field. The rows in the table will be filtered to only display results that match what you typed into the Filter field. Do not use commas to separate keywords.
- Sort:** Click one of the column headers to sort that column from A-Z or Z-A.

Filter:

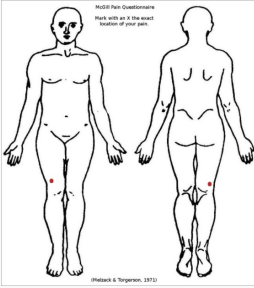

Field Type	Description
Ability to Pay	<p>Displays fields where you can enter the number of dependents and income (monthly or yearly) and calculate how much money the client is able to pay. The result is calculated based on the Ability to Pay rules that are set up by your Agency in Admin Tools Menu > Ability to Pay Setup.</p> <div style="border: 1px solid #ccc; padding: 5px; margin: 10px 0;"> <div style="text-align: right; background-color: #004a6b; color: white; padding: 2px 5px; font-weight: bold;">ABILITY TO PAY</div> <p>Dependents <input style="width: 100px;" type="text" value="1"/></p> <p>Income <input style="width: 100px;" type="text" value="18000"/></p> <p style="text-align: center;"> <input type="radio"/> Monthly <input checked="" type="radio"/> Yearly </p> <p style="text-align: center; background-color: #004a6b; color: white; padding: 5px; font-weight: bold; width: fit-content; margin: 0 auto;">Calculate</p> <p>Result <input style="width: 100px;" type="text" value="5"/> % pay</p> </div>
Appointment Link	<p>Displays a drop-down list of Kept Appointments which you can associate to the Form/Note this field is added to.</p> <div style="border: 1px solid #ccc; padding: 2px; margin: 10px 0;"> <p style="font-size: 8px; margin: 0;">Appointment Link</p> <p style="font-size: 8px; margin: 0;">3/29/2022 9:30:00 AM - 3/29/2022 10:00:00 AM 90791 - Initial at Troy with Ne</p> </div>

Field Type	Description																		
Appointment List	<p>Displays appointments based on number of appointments rather than days. The field displays the last 5 appointments in the past that were not marked with a KEPT status type and the next 5 appointments in the future not marked with a KEPT status type. From this list, you can mark the client as seen by clicking the green checkmark and create a follow-up appointment by selecting a specific date and time. If you click the Create a New Appointment button, a new appointment is created on the date of your choosing at noon and the Resource is the logged-in user. Navigate to Scheduler to edit the appointment as necessary.</p> <div data-bbox="799 586 1203 880" style="border: 1px solid black; padding: 5px; margin: 10px auto; width: fit-content;"> <table border="1"> <thead> <tr> <th>Date</th> <th>Status</th> <th>Mark as Seen</th> </tr> </thead> <tbody> <tr> <td>4/19/2021</td> <td>Confirmed</td> <td style="text-align: center;">✔</td> </tr> <tr> <td>4/20/2021</td> <td>New</td> <td style="text-align: center;">✔</td> </tr> <tr> <td>3/18/2022</td> <td>New</td> <td style="text-align: center;">✔</td> </tr> <tr> <td>3/21/2022</td> <td>New</td> <td style="text-align: center;">✔</td> </tr> <tr> <td>3/30/2022</td> <td>New</td> <td style="text-align: center;">✔</td> </tr> </tbody> </table> <div style="text-align: center; margin-top: 5px;"> Create New Appointment </div> </div>	Date	Status	Mark as Seen	4/19/2021	Confirmed	✔	4/20/2021	New	✔	3/18/2022	New	✔	3/21/2022	New	✔	3/30/2022	New	✔
Date	Status	Mark as Seen																	
4/19/2021	Confirmed	✔																	
4/20/2021	New	✔																	
3/18/2022	New	✔																	
3/21/2022	New	✔																	
3/30/2022	New	✔																	
Average	<p>Displays a field that calculates the average of the fields for the Group number indicated. It is important to make sure the Group number is the same for the fields you want to average. If the Form this field is added to is filled out more than once, select the Key Indicator checkbox to see changes over time graphed in the client's Document Center. See Configure Field Groups for Average, Total, Min/Max, and Count Field Types.</p> <div data-bbox="572 1135 1430 1274" style="border: 1px solid black; padding: 5px; margin: 10px auto; width: fit-content;"> <table border="1"> <tbody> <tr> <td>Integer Input 1:</td> <td style="text-align: right;">50</td> </tr> <tr> <td>Integer Input 2:</td> <td style="text-align: right;">150</td> </tr> <tr> <td>Integer Input 3:</td> <td style="text-align: right;">325</td> </tr> <tr> <td>Average of Inputs 1, 2 and 3:</td> <td style="text-align: right;">175.00</td> </tr> </tbody> </table> </div>	Integer Input 1:	50	Integer Input 2:	150	Integer Input 3:	325	Average of Inputs 1, 2 and 3:	175.00										
Integer Input 1:	50																		
Integer Input 2:	150																		
Integer Input 3:	325																		
Average of Inputs 1, 2 and 3:	175.00																		
Barcode	<p>Displays a barcode for the checkbox(es) selected within the field setup: Patient ID, Visit ID, Form ID, and/or Field ID.</p> <div data-bbox="722 1375 1281 1518" style="border: 1px solid black; padding: 5px; margin: 10px auto; width: fit-content;"> <p>Barcode:</p>  <p style="text-align: center; font-size: small;">1021669-14520-37766-1285218</p> </div>																		
Body Region	<p>Displays an image of the body where users can select where the client feels pain. This is typically used in a Physical Therapy setting.</p> <div data-bbox="948 1619 1051 1821" style="border: 1px solid black; padding: 5px; margin: 10px auto; width: fit-content;">  </div>																		
Body Text DISPLAY ONLY	<p>Displays a body of text. Body Text is useful for Forms that have explanatory text or text for signing contracts/agreements, etc. Use if text spans multiple lines. Note: Body Text does not have a Header, so it is suggested to use a Header field before the Body Text starts.</p>																		

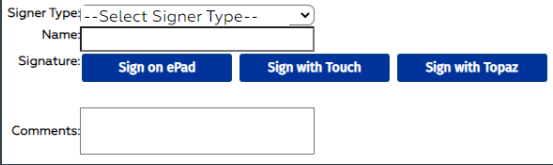

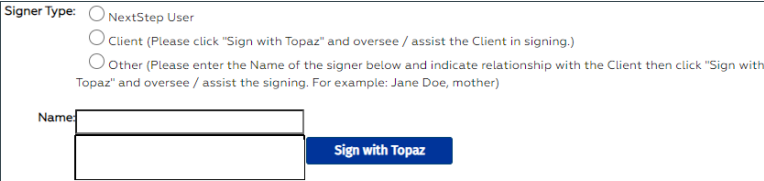

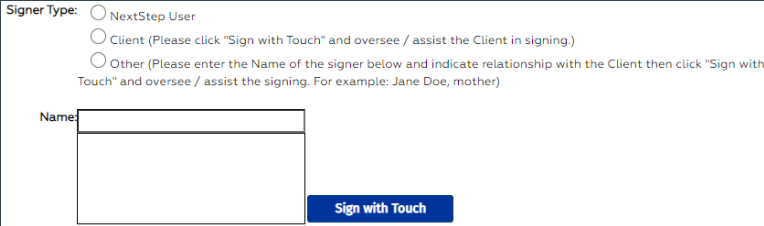

Field Type	Description
Chart Fill Table	Used to auto-populate a Chart Fixed Row field type from one Form to another. If a user modifies the Chart Fixed Row on the current Form they are accessing, it does not change the data on the Form it is referencing.
Chart Fixed Rows	<p>Displays a set number of rows and columns. Columns can only have the field type of Dropdown, Yes/No, Date, Double, Integer, Memo, or Text. For printing purposes, select the Hide Empty Rows/Columns checkbox.</p> 
Chart Variable Rows	<p>Displays a set number of columns. Columns can only have the field type of Dropdown, Yes/No, Date, Double double, Integer, Memo, or Text. Allows the user of the Form to add a row as needed.</p> 
Client Groups	<p>Displays a list of Groups where you can add or remove a client from Groups within the Form or Note the field was added to. See Add Client Groups Field to a Form or Note for more details.</p> 
Contact Block	<p>Displays a listing of fields to collect contact information.</p> <p>Example of fields that can be displayed:</p>  <p>Field choices:</p> 
Count	<p>Displays a count of the fields for the Group number indicated. It is important to make sure the Group number is the same for the fields you want to total. If the Form this field is added to is filled out more than once, select the Key Indicator checkbox to see changes over time graphed in the client's Document Center. See Configure Field Groups for Average, Total, Min/Max, and Count Field Types.</p> 

Field Type	Description
Date	<p>Displays a date field.</p> 
Diagnosis/Diagnosis (DSM-V)	<p>Displays a field used to search for a diagnosis. If your Agency needs ICD-10 options to show here, contact Support and provide the setup variable <i>ShowDxTypes</i>.</p> 
Document Upload	<p>Displays a button used to upload or scan a document into a client's chart. See Scan and Import into NextStep.</p> 
Double	<p>Displays a field where you enter non-integer numbers with decimal points. This field can be grouped with other Integer, Double, and Select One Only field types. See Configure Field Groups for Average, Total, Min/Max, and Count Field Types</p> 
Dropdown	<p>Displays a drop-down field. Drop-down options are ordered alphabetically by default. To manually put them in a specific order, select the Specify Order of Choices checkbox. If a particular answer in the drop-down will be used by Clinicians most of the time, check the Default checkbox to have the drop-down always default to that answer. To optimize for tablets or a pen, it is suggested to use the Select All That Apply field type.</p> 
Dropdown Template	<p>Drop-down template options are built ahead of time in Admin Tools > System Setup (Supplemental) > Setup Dropdown Templates. The Dropdown Template field is added to a Form/Note and allows you to select which dataset to pull from that your Agency has set up in Setup Dropdown Templates. This allows you to add the same drop-down options across many Forms and Notes. This is typically used when building related Forms so you don't have to keep building out the same drop-down field.</p> 
Eligibility Check	<p>Legacy field. Replaced by Realtime Eligibility Field Type.</p>
Field Reference ONLY	<p>Displays a field reference from another Form or Note but does not populate or associate it to any specific field in the Form it was added to. It is strictly for informational purposes only. To learn more about Auto-fill and above box field referencing for other types of fields, see Create a New Form.</p> 

Field Type	Description																																																		
Form Link	<p>From the Form Builder, select the Forms you want to be available as options for your staff to select to link when completed. This field displays a drop-down that populates with instances of the selected Forms that have the most recent date of service on or before that of the Form with this field. When a Form is selected from the drop-down, it links the selected Form to the Form/Note so that you can easily access the completed Form by clicking on the attached link.</p> <div style="display: flex; justify-content: space-around;"> <div style="border: 1px solid #ccc; padding: 5px;"> <p>Form Link field drop-down on draft Form</p> <p>Form Link Field <input type="text" value="Clinical Assessme..."/></p> </div> <div style="border: 1px solid #ccc; padding: 5px;"> <p>Form Link field on completed Form</p> <p>Form Link Field Clinical Assessment</p> </div> </div>																																																		
Form Name	<p>Displays a field for a user to input a new Form name, which is how the Form will be displayed in the Document Center. This is a required field. This field type is commonly used when a Form contains a Document Upload field, so the user can name the Form to be a description of whatever is being uploaded, such as: "Lab Work 2017-10-01".</p> <div style="border: 1px solid #ccc; padding: 5px;"> <p>* Form Name: <i>The field will change the name of this instance of this form.</i></p> <input type="text"/> </div>																																																		
Header DISPLAY ONLY	<p>Displays a blue header. Select the Collapsible radio button if you want to collapse every field beneath the Header, through to the next Header.</p> <div style="background-color: #4f81bd; color: white; text-align: center; padding: 5px; border: 1px solid #4f81bd;"> <p>HEADER</p> </div>																																																		
Horizontal Separator	<p>Displays a line to visually separate one section of a Form from another.</p> <hr style="border: 1px solid #ccc;"/>																																																		
Image Upload	<p>Displays a button used to attach pictures to Forms.</p> <div style="border: 1px solid #ccc; padding: 5px; text-align: center;"> <p>Image Upload:</p> <p>Upload/Change Image</p> </div>																																																		
Insurance (Billing)	<p>Displays the Insurance (Billing) widget, where you can view and enter a client's insurance information. Your Agency must be using the NextStep Billing Engine (VFO or VPO). Information updated here flows over to the Billing Engine. See Add Client Insurance Information for more details.</p> <div style="border: 1px solid #ccc; padding: 5px;"> <p>Insurance ⊞ +</p> <p>Expand All</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th>↑ Priority</th> <th>Insurance</th> <th>Subscriber Num...</th> <th>Group Number</th> <th>Subscriber First Name</th> <th>Subscriber Last Name</th> <th>Subscriber Relation</th> <th>Effective</th> <th></th> </tr> </thead> <tbody> <tr> <td>- 1</td> <td>AETNA</td> <td>923453</td> <td>488451</td> <td>Bill</td> <td>Test</td> <td>Policyholder is the subscriber.</td> <td>✓</td> <td>Edit Delete</td> </tr> </tbody> </table> <p>Effective Dates: ⊞ +</p> <p>Effective From <input type="text"/> Effective To <input type="text"/></p> <p style="text-align: center;">No Effective Dates Entered</p> <p>Copay / Deductibles: ⊞ +</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th>Effective From ↑</th> <th>Effective To ↑</th> <th>Act. Integer	<p>Displays a field where you enter a whole number (no decimals or special characters). This field can be grouped with other Integer, Double, and Select One Only field types. See Configure Field Groups for Average, Total, Min/Max, and Count Field Types</p> <div style="border: 1px solid #ccc; padding: 5px;"> <p>Enter A Whole Number: <i>An integer cannot have a decimal or special characters</i></p> <input type="text"/> </div>																																																		
Linked Document	<p>Used to link a document to the Form. An example would be linking an informational document that may be useful for the Clinician to view as they complete the Form.</p>																																																		

Field Type	Description								
LOINC	<p>This field is a Meaningful Use feature and displays a LOINC question and answers that you have selected in field setup for the question in a drop-down menu. Example of 72166-2 Tobacco Smoking NHIS:</p> <div data-bbox="810 353 1193 474" style="border: 1px solid black; padding: 5px; width: fit-content; margin: auto;"> <p>LOINC Field Tobacco smoking status NHIS Former smoker</p> </div>								
Medication Listing	<p>Displays a list of medications for a client.</p> <div data-bbox="624 562 1382 645" style="border: 1px solid black; padding: 5px; width: fit-content; margin: auto;"> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 30%;">Medication / Dosage</th> <th style="width: 30%;">Dosage Instructions</th> <th style="width: 20%;">Start Date</th> <th style="width: 20%;">Notes</th> </tr> </thead> <tbody> <tr> <td colspan="4" style="text-align: center;">No Active Medications at this time.</td> </tr> </tbody> </table> </div>	Medication / Dosage	Dosage Instructions	Start Date	Notes	No Active Medications at this time.			
Medication / Dosage	Dosage Instructions	Start Date	Notes						
No Active Medications at this time.									
Memo	<p>Displays a memo/note box.</p> <div data-bbox="655 703 1350 837" style="border: 1px solid black; padding: 5px; width: fit-content; margin: auto;"> <p>Additional Information/Description of Circumstances <small>Please give examples</small></p> <div style="border: 1px solid black; height: 40px; width: 100%;"></div> </div>								
Min/Max	<p>The Max option displays the highest number for a Group of given numbers. The Min option displays the lowest number for a Group of given numbers. If the Form this field is added to is filled out more than once, select the Key Indicator checkbox to see changes over time graphed in the client's Document Center. See Configure Field Groups for Average, Total, Min/Max, and Count Field Types.</p> <p style="text-align: center;">Example of Max option:</p> <div data-bbox="576 1066 1430 1205" style="border: 1px solid black; padding: 5px; width: fit-content; margin: auto;"> <table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 70%;">Integer Input 1:</td> <td style="width: 30%; border: 1px solid black; text-align: center;">100</td> </tr> <tr> <td>Integer Input 2:</td> <td style="border: 1px solid black; text-align: center;">300</td> </tr> <tr> <td>Integer Input 3:</td> <td style="border: 1px solid black; text-align: center;">50</td> </tr> <tr> <td>Min/Max of Inputs 1, 2 and 3:</td> <td style="border: 1px solid black; text-align: center;">300</td> </tr> </table> </div>	Integer Input 1:	100	Integer Input 2:	300	Integer Input 3:	50	Min/Max of Inputs 1, 2 and 3:	300
Integer Input 1:	100								
Integer Input 2:	300								
Integer Input 3:	50								
Min/Max of Inputs 1, 2 and 3:	300								
Multi Image Upload	<p>Displays an Upload/Edit Images button used to upload multiple images.</p> <div data-bbox="866 1272 1139 1346" style="border: 1px solid black; padding: 5px; width: fit-content; margin: auto; text-align: center;"> <p>Multi Image Upload: Upload/Edit Images</p> </div>								
Pain Diagram	<p>Displays a McGill Pain Questionnaire where users can select where the client feels pain. This is typically used in a Physical Therapy setting.</p> <div data-bbox="874 1447 1129 1733" style="border: 1px solid black; padding: 5px; width: fit-content; margin: auto;">  <p style="font-size: small; text-align: center;">McGill Pain Questionnaire Mark with an X the exact location of your pain.</p> <p style="font-size: x-small; text-align: center;">©Black & Toppin, 1972</p> </div>								

Field Type	Description																														
Payment History	<p>Displays a Payment History table and pulls information from the Payment Center (Swerve Pay).</p> <table border="1" data-bbox="576 324 1430 434"> <thead> <tr> <th colspan="6">Payment History Field</th> </tr> <tr> <th>Transaction #</th> <th>Transaction Ref ID</th> <th>Date</th> <th>Amount</th> <th>Type</th> <th>Processed By</th> </tr> </thead> <tbody> <tr> <td>3</td> <td></td> <td>8/31/2021</td> <td>\$-50</td> <td>Refund</td> <td>NextStep Solutions</td> </tr> <tr> <td>2</td> <td></td> <td>6/8/2021</td> <td>\$50</td> <td>Sale</td> <td>Megan Matlack</td> </tr> <tr> <td>1</td> <td></td> <td>6/2/2021</td> <td>\$100</td> <td>Sale</td> <td>Megan Matlack</td> </tr> </tbody> </table>	Payment History Field						Transaction #	Transaction Ref ID	Date	Amount	Type	Processed By	3		8/31/2021	\$-50	Refund	NextStep Solutions	2		6/8/2021	\$50	Sale	Megan Matlack	1		6/2/2021	\$100	Sale	Megan Matlack

PCP Goals	<p>Displays the Individualized Treatment Plan (ITP) Goals. When you click show details, information that was documented in the Treatment Plan is displayed and you can add notes to the text field.</p> <div data-bbox="576 568 1430 922"> <p style="text-align: center;">GOALS</p> <p>Resolve or reduce anxiety symptoms show details</p> <div style="border: 1px solid #ccc; height: 60px; margin-bottom: 5px;"></div> <p>Decrease or eliminate symptoms of anxiety show details</p> <div style="border: 1px solid #ccc; height: 60px;"></div> </div>																														
Program Link	<p>Displays a drop-down for users to associate a given Form to a client's Program. The listing of Programs is based on the selected Date of Service.</p> <div data-bbox="576 1016 1430 1146"> <p style="text-align: center;"><i>Program Link field drop-down on draft Form</i></p> <p>Program Link <input style="width: 100px;" type="text" value="Outpatient MH"/></p> <hr/> <p style="text-align: center;"><i>Program Link field on completed Form</i></p> <p style="text-align: center;">Program Link Outpatient MH</p> </div>																														
Realtime Eligibility	<p>Displays the status of a client's insurance coverage. Requires your Agency to be using Trizetto as your Clearinghouse.</p> <div data-bbox="576 1245 1430 1388"> <p>Realtime Eligibility:</p> <div style="display: flex; justify-content: space-between;"> <div style="width: 60%;"> <input style="width: 100%;" type="text"/> </div> <div style="width: 35%;"> <input style="width: 100%;" type="text"/> </div> </div> <p style="text-align: right;">State: <input type="text" value="Select a state"/></p> <div style="display: flex; justify-content: center; gap: 10px;"> <input type="button" value="Check Eligibility"/> <input type="button" value="Clear Eligibility"/> </div> </div>																														
Search Notes	<p>Displays a Search Notes widget that allows users to search Notes for a client based on search criteria.</p> <div data-bbox="671 1491 1331 1814"> <p style="text-align: center;">SEARCH NOTES:</p> <p>Search Criteria:</p> <p>Service Provider: <input type="text" value="Any user"/></p> <p>Service Date on or after: <input type="text" value="2/19/2022"/> (clear date to show all)</p> <p>Service Date on or before: <input type="text" value="3/21/2022"/> (clear date to show all)</p> <p>Chart Type: <input type="text" value="Misc Notes Only"/></p> <p>Case Selection: <input type="text" value="All Cases"/></p> <p>Show Billing Info: <input checked="" type="checkbox"/></p> <p>Show Progress Indicators: <input checked="" type="checkbox"/></p> <p>Show Dynamic Fields: <input checked="" type="checkbox"/></p> <p>Show Note Updates: <input type="checkbox"/></p> <p>Keyword Search: <input type="text"/> (applies to note text)</p> <p style="text-align: right;"><input type="button" value="Show Notes"/></p> </div>																														

Field Type	Description
Select All That Apply	<p>Displays multiple answers and the ability to select all answers that may apply to a question.</p> 
Select One Only	<p>Displays options in a radio button format where a user can only select one answer. To add multiple choices, click the Add New Choice button after each choice is added. If you do not click this button, it will update the field you previously added. This field can be grouped with other Integer, Double, and Select One Only Field Types. See Configure Field Groups for Average, Total, Min/Max, and Count Field Types</p> 
Signature	<p>Displays the selection of the signer from the Signer Type drop-down and a combination of the Use Topaz Signature or Use Touch Signature buttons.</p> 
Stethoscope Audio	Legacy field.
Text	<p>Displays a text field.</p> 
Topaz Signature	<p>Displays radio buttons to select Signer Type and a Use Topaz Signature button.</p> 
Total	<p>Displays a field that sums/totals the fields for the Group number indicated. It is important to make sure the Group number is the same for the fields you want to total. If the Form this field is added to is filled out more than once, select the Key Indicator checkbox to see changes over time graphed in the client's Document Center. See Configure Field Groups for Average, Total, Min/Max, and Count Field Types</p> 
Touch Signature	<p>Displays radio buttons to select Signer Type and a Use Touch Signature button.</p> 

Field Type	Description																																																																				
User Dropdown	Displays a drop-down menu that contains a list of staff members who have a NextStep login.																																																																				
Vitals	<p>Displays fields to collect information on a client's vitals. This field type requires the Form to have the Date Of Service Friendly checkbox selected. The metrics that are displayed in the vitals fields are configured in System Setup > Notes.</p> <p>Configuration:</p> <table border="1" data-bbox="571 472 1430 555"> <thead> <tr> <th colspan="8">DISPLAY VITALS: (SELECTED VITALS WILL BE DISPLAY)</th> </tr> <tr> <th>Pulse</th> <th>BP (Systolic)</th> <th>BP (Diastolic)</th> <th>Weight</th> <th>Temp</th> <th>BMI</th> <th>Height</th> <th>Abdominal Girth</th> </tr> </thead> <tbody> <tr> <td><input checked="" type="checkbox"/></td> <td><input checked="" type="checkbox"/></td> <td><input checked="" type="checkbox"/></td> <td><input checked="" type="checkbox"/></td> <td><input checked="" type="checkbox"/></td> <td><input checked="" type="checkbox"/></td> <td><input checked="" type="checkbox"/></td> <td><input type="checkbox"/></td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td><input checked="" type="checkbox"/></td> <td><input type="checkbox"/></td> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> </tbody> </table> <p>Vitals fields:</p> <table border="1" data-bbox="571 611 1430 741"> <thead> <tr> <th colspan="6">Vitals:</th> </tr> </thead> <tbody> <tr> <td>Pulse:</td> <td><input type="text"/></td> <td>bpm</td> <td>BP(Systolic):</td> <td><input type="text"/></td> <td>mm Hg</td> </tr> <tr> <td>Weight:</td> <td><input type="text"/></td> <td>lbs.</td> <td>Temp:</td> <td><input type="text"/></td> <td>°F</td> </tr> <tr> <td>Height:</td> <td><input type="text"/></td> <td>ft. <input type="text"/></td> <td>Glucose:</td> <td><input type="text"/></td> <td>mg/dL</td> </tr> <tr> <td>O2 Level:</td> <td><input type="text"/></td> <td>%</td> <td>BMI:</td> <td><input type="text"/></td> <td></td> </tr> <tr> <td></td> <td></td> <td></td> <td>Respirations:</td> <td><input type="text"/></td> <td>bpm</td> </tr> </tbody> </table>	DISPLAY VITALS: (SELECTED VITALS WILL BE DISPLAY)								Pulse	BP (Systolic)	BP (Diastolic)	Weight	Temp	BMI	Height	Abdominal Girth	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>						Vitals:						Pulse:	<input type="text"/>	bpm	BP(Systolic):	<input type="text"/>	mm Hg	Weight:	<input type="text"/>	lbs.
