

# Navigating ePrescribing (eRx) Webinar (Presented 1/25/2023)

Last Modified on 02/03/2023 3:11 pm EST

## About

As a clinician, the ability to ePrescribe is a time saver for you and your clients. In this webinar, you'll learn how NSS and DrFirst work together to give you what you need to create, sync and utilize a comprehensive Med Plan for your clients, including adding Allergies and Active Medications, setting preferred pharmacies, writing and sending new prescriptions, and more.
