

NextStep... 11.8.0 Beta Release Notes

Last Modified on 05/09/2024 4:00 pm EDT

Expected Release date (lighthouse beta agencies): 5/12/2024

New Features:

Release 11.8.0																																								
<p>Census Billing: Display Programs "active at the time" of Census Billing Date</p>	<p>This applies to agencies that use NextStep Billing and has programs in clinical linked to billing.</p> <p>On the Census Billing page, currently the Program dropdown displays, by default, all programs. However you can now set up NextStep to show only the programs the client was in during the selected Census Date.</p> <ul style="list-style-type: none"> In System Setup (Supplemental) → Census Billing use the toggle to select either: <ul style="list-style-type: none"> Display all programs, or Only display the client's programs 																																							
<p>Census Billing: Rearrange the sequence order in which Programs appear</p>	<p>In System Setup (Supplemental) → Billing Configuration, for the Program field, click + to set the order that you want the Programs to appear in the Census Billing dropdown.</p>																																							
<p>New Religion options on Face Sheet</p>	<p>Users can now select None or Not Disclosed in the Religion dropdown on the Face Sheet. Having these values also makes it possible to make this field required since the client is able to "opt out."</p>																																							
<p>Dose Orders Grid on the Medication Plan</p>	<p>For agencies with Dispensing enabled, you can now view the Dose Orders grid (from the Dispensing module) directly from the Medication Plan (in NSS clinical). This new Dispensing Dose Orders section will give providers more information to make informed decisions.</p> <div data-bbox="384 1641 1430 1928" style="border: 1px solid #ccc; padding: 5px;"> <p>Medications: THIS PLAN DOES NOT HAVE ANY ACTIVE MEDICATIONS.</p> <p>Dispensing Dose Orders</p> <table border="1" data-bbox="384 1715 1430 1809"> <thead> <tr> <th>Medication</th> <th>Start</th> <th>Expiration</th> <th>Today's Amount</th> <th>Pill Program</th> <th>Detox</th> <th>Takehome Days</th> <th># Takehomes</th> <th>Split Dose</th> <th>First Amt</th> <th>Second Amt</th> <th>Third</th> </tr> </thead> <tbody> <tr> <td>Subutex/Buprenorphine</td> <td>4/29/2024</td> <td>4/29/2025</td> <td>24.00 mg</td> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Su Tu W Th F Sa</td> <td>6</td> <td><input type="checkbox"/></td> <td></td> <td></td> <td></td> </tr> </tbody> </table> <p>Dose History</p> <p>Side Effects:</p> <table data-bbox="384 1843 1430 1892"> <tr> <td><input checked="" type="checkbox"/> None</td> <td><input type="checkbox"/> Dry Mouth</td> <td><input type="checkbox"/> Constipation</td> <td><input type="checkbox"/> Akathisia</td> <td><input type="checkbox"/> Insomnia</td> </tr> <tr> <td><input type="checkbox"/> Weight Gain</td> <td><input type="checkbox"/> Nausea</td> <td><input type="checkbox"/> Agitation</td> <td><input type="checkbox"/> Anxiety</td> <td><input type="checkbox"/> Dizziness</td> </tr> <tr> <td><input type="checkbox"/> Increased Thirst</td> <td><input type="checkbox"/> Increased Urination</td> <td><input type="checkbox"/> Headache</td> <td><input type="checkbox"/> Dystonia</td> <td></td> </tr> </table> <p>Other Side Effects / Additional Info: <u>Fill with Last</u></p> </div>	Medication	Start	Expiration	Today's Amount	Pill Program	Detox	Takehome Days	# Takehomes	Split Dose	First Amt	Second Amt	Third	Subutex/Buprenorphine	4/29/2024	4/29/2025	24.00 mg	<input type="checkbox"/>	<input type="checkbox"/>	Su Tu W Th F Sa	6	<input type="checkbox"/>				<input checked="" type="checkbox"/> None	<input type="checkbox"/> Dry Mouth	<input type="checkbox"/> Constipation	<input type="checkbox"/> Akathisia	<input type="checkbox"/> Insomnia	<input type="checkbox"/> Weight Gain	<input type="checkbox"/> Nausea	<input type="checkbox"/> Agitation	<input type="checkbox"/> Anxiety	<input type="checkbox"/> Dizziness	<input type="checkbox"/> Increased Thirst	<input type="checkbox"/> Increased Urination	<input type="checkbox"/> Headache	<input type="checkbox"/> Dystonia	
Medication	Start	Expiration	Today's Amount	Pill Program	Detox	Takehome Days	# Takehomes	Split Dose	First Amt	Second Amt	Third

Release 11.8.0	
<p>Dispensing Dose History Grid on the Medication Plan</p>	<p>For agencies with Dispensing enabled, users can click a new button on the Medication Plan called Dose History which will pop up a new window, with the familiar grid as seen in the dispensing module. Users will no longer have to navigate to Dispensing to see a client's dispensing Dose History.</p>
<p>Incident Reporting Setup selections update in Dispensing</p>	<p>For Dispensing agencies, you can update the module's incident report screen by making changes in System Setup (Supplemental) -> Incident Report Configuration section where you can:</p> <ul style="list-style-type: none"> • Maintain the items in the Incident type dropdown • Maintain the items in the others Notified dropdown • Use the Enabled checkbox in Incident types to control if the types appear in the clinical incident report and • Use the Is Dispensing Incident? checkbox in Incident types to control if they appear in the clinical incident report and the dispensing incident report. Disabling an Incident Type disables in both clinical and dispensing

Issues Resolved:

Release 11.8.0	
<p>Date of Service not matching between Clinical note and Billing Services</p>	<p>For some programs (IHH, billed once/month), the Data of Service on clinical notes was not matching the date of services in Billing Services. This issue has been fixed.</p>
<p>Error when opening Billing Services Dynamic</p>	<p>When some users attempt to open the Billing Services Dynamic Report they were receiving the following error: "Unhandled Exception... unable to cast object of type Dev Express.web". This issue has been fixed.</p>
