

NOT YET STARTED

11.9.12 Release Notes

Last Modified on 09/10/2024 2:44 pm EDT

Estimated Release Date (all agencies): **9/1/2024**

Issues Resolved:

| Release 11.9.12 | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
|---|--|---------------|-----------------|---------------|----------------|--------|--------|----------|-----------|-----------|---------|-------|-------|----------|-----------|-----------|----------|-------|-------|----------|-----------|-----------|---------|-------|-------|----------|-----------|-----------|---------|-------|-------|
| <p>Census Billing cannot seal and no error given</p> | <p><i>Main Menu > Progress Notes > Census Billing</i></p> <p>When a draft Census Billing date is opened, it is possible that you cannot seal it because a change to the client's Admission Date or Discharge Date causes the client to no longer be active during the Census Date. In this case, the client record would not appear on screen, but it would prevent the Census from being sealed.</p> <p>This issue has been fixed.</p> <p>When this state occurs, the problematic line(s) will be displayed in red, and the user will have the option to Delete the line(s). The Census will still not seal if those lines are not deleted and an error message will display at the bottom indicating why it cannot be sealed.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>eMAR showed late passes for discontinued medications</p> | <p><i>Main Menu > Treatment Planning > eMAR</i></p> <p>A customer reported that in certain instances, eMAR was displaying Late Passes for some medications after the discontinuation date on their orders..</p> <p>This issue has been resolved.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>eMAR button to discontinue a medication schedule not appearing in all cases</p> | <p><i>Main Menu > Treatment Planning > eMAR > Medication and Treatment Schedules</i></p> <p>In certain circumstances the Discontinue button was not available in the Medication & Treatment Schedules section of eMAR after the user selected a medication. This prevented users from discontinuing or modifying days within a schedule in eMAR.</p> <p>This issue has been resolved.</p>  <p>The screenshot shows a medication entry for Librium with a 'No discontinu date' and a 'Discontinue' button highlighted in yellow. Below the medication entry is a table of schedules:</p> <table border="1" data-bbox="459 1599 1350 1742"> <thead> <tr> <th></th> <th>Pass Start Date</th> <th>Pass End Date</th> <th>Scheduled Time</th> <th>Dosage</th> <th>Repeat</th> </tr> </thead> <tbody> <tr> <td>R</td> <td>8/29/2024</td> <td>8/29/2024</td> <td>9:00 AM</td> <td>50.00</td> <td>Daily</td> </tr> <tr> <td>R</td> <td>8/29/2024</td> <td>8/29/2024</td> <td>10:00 AM</td> <td>50.00</td> <td>Daily</td> </tr> <tr> <td>R</td> <td>8/29/2024</td> <td>8/29/2024</td> <td>6:00 PM</td> <td>50.00</td> <td>Daily</td> </tr> <tr> <td>R</td> <td>8/30/2024</td> <td>8/30/2024</td> <td>9:00 AM</td> <td>50.00</td> <td>Daily</td> </tr> </tbody> </table> | | Pass Start Date | Pass End Date | Scheduled Time | Dosage | Repeat | R | 8/29/2024 | 8/29/2024 | 9:00 AM | 50.00 | Daily | R | 8/29/2024 | 8/29/2024 | 10:00 AM | 50.00 | Daily | R | 8/29/2024 | 8/29/2024 | 6:00 PM | 50.00 | Daily | R | 8/30/2024 | 8/30/2024 | 9:00 AM | 50.00 | Daily |
