## 7.11.1 Release Notes - Hotfix

Last Modified on 08/19/2025 11:22 am EDT

GA Release Date: **Monday, 02/17/25**

### Issues Resolved:

Release 7.11.1	
<b>835 Form connection error</b>	Previously, when opening the 835 Form after opening other forms in Billing, you may have received a Microsoft SQL Server Login connection error. This has been resolved.
<b>Patient Pay amount in Transactions posting as Psychiatric Reduction</b>	<i>File &gt; Billing &gt; Transactions</i> <i>File &gt; Billing &gt; Transactions Entry Grid</i> Previously, when using the Patient Pay field to kick down Patient Responsibility to the next payer, the Transaction/Adjustment Note was changed to "CO-122 Psychiatric Reduction". This has been resolved.
