

NEXTSTEP BILLING

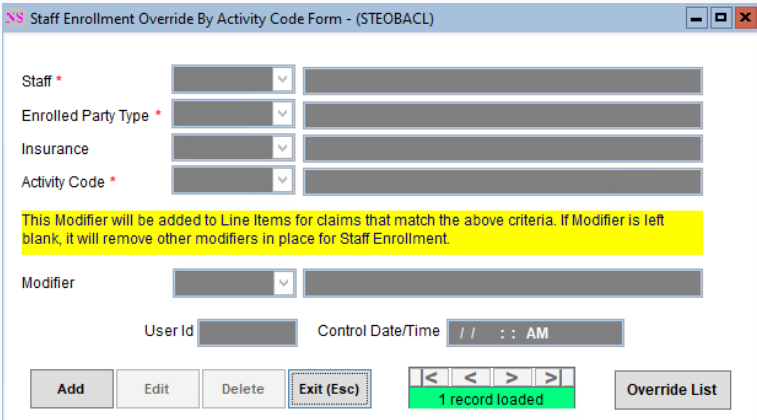

7.15.0 Release Notes

Last Modified on 12/03/2025 5:15 pm EST

Beta Release Date: **Monday, 12/8/25**

Expected GA Release Date: **Monday, 12/15/25**

Feature Enhancements:

Release 7.15.0	
Add insurance to the Staff Enrollment Override By Activity Code Form	<p><i>Maintenance and Setup > Employees > Staff > Staff > Enrollment List > Override By Act Code List</i></p> <p>NextStep Billing has added a new configuration option to the Staff Enrollment Override By Activity Code Form. For agencies that need to add a Staff Modifier by Activity Code and Insurance, this form now includes an Insurance dropdown. Once a Party Type is selected, the Insurance dropdown list will automatically filter to display only the insurance options associated with that Party Type.</p>  <p>The screenshot shows the 'Staff Enrollment Override By Activity Code Form - (STEOBACL)' window. It contains several dropdown menus: 'Staff *', 'Enrolled Party Type *', 'Insurance', and 'Activity Code *'. Below these is a yellow highlighted text box stating: 'This Modifier will be added to Line Items for claims that match the above criteria. If Modifier is left blank, it will remove other modifiers in place for Staff Enrollment.' Below this is a 'Modifier' dropdown. At the bottom, there are fields for 'User Id' and 'Control Date/Time' (formatted as // : : AM). Navigation buttons include 'Add', 'Edit', 'Delete', 'Exit (Esc)', and 'Override List'. A status bar at the bottom indicates '1 record loaded'.</p>

Release 7.15.0

Add rendering provider override options to the Insurance Override By Activity Code

Maintenance and Setup > Insurance > Insurance Override By Activity Code

This form now includes a setup option to choose which name, NPI, and optionally, taxonomy to populate in the **Rendering Provider** (2310B loop) per **Insurance** and **Activity Code**. It also provides an option to select a **"Person"** or **"Non-Person"**.

The screenshot shows the 'Insurance Override By Activity Code Form - (INSOBYAC)'. The form includes fields for Insurance ID (33), Activity Code (90791), Format Type, and Format Type 2. A red arrow points to a new dropdown menu labeled 'Display these fields on Loop 2310B' with options 'Person' and 'Non-Person'. Below this are checkboxes for 'Display HCFA 1500 Box 24J (Professional 837 2310B/2420A loops) as blank' and a text field for 'Display Name in HCFA 1500 Box 31'. At the bottom, there are fields for User Id and Control Date/Time, and buttons for Save, Revert, Delete, Exit (Esc), and an Override List button. A status bar at the bottom indicates '0 record loaded'.

NOTE: For this override to take effect, "Display Rendering Provider info on 837 in 2310B Loop" must be checked on Page 2 of the Master Insurance Form.

Additionally, if this form is filled out, it would override, per Insurance and Activity Code, the following setup options on the Master Insurance Form:

- "Display Agency info in Loop 2420A and Rendering in 2310B" on Page 2
- "Display Name/NPI/Taxonomy in 2310B loop on 837" on Page 3

Allow the user to edit the Place of Contact on the Line Item Form

Line Items

The user can now edit the **Place of Contact/Service** from the **Line Items Form**.

Release 7.15.0	
835 Form and Working Queue: small usability upgrades	<p><i>835 Form > HIPAA 835 Inbound</i></p> <ul style="list-style-type: none"> Replaced the "Payer ID" column with "Remit Payer" on both grids. <p><i>835 Form > Working Queue</i></p> <ul style="list-style-type: none"> The selected row is retained while using the grid's scroll bar and when returning to the Working Queue window. Clicking from the HIPAA 835 to the Working Queue refreshes data, and the focus is brought to the top of the grid. Added a "Remit Payer" column to the grid. <p><i>835 Form > Working Queue > Filters</i></p> <ul style="list-style-type: none"> Added a "Remit Payer" multi-select option. Added Txn Note and Remark Code options. Rearranged the position of some filtering options. <p><i>835 Form > Working Queue > Transactions Pop-up</i></p> <ul style="list-style-type: none"> Added a "Selected Line" segment to the top of the pop-up, providing 835 details. Moved the "Post" button and centered the "Cancel" button. Added a shortcut link named "Line Items List" to the top right of the pop-up. This will take you to the Line Items Filters with the Client and Event Date pre-populated
Push Client Insurance details from Billing to the Scheduler's Insurance Information fields	<p>The NextStep Scheduler will now populate the selected client's current active insurances (up to two) from NextStep Billing in the Scheduler's Insurance Information section on the left-side menu.</p> <p>NOTE: This change requires the NextStep Clinical 11.19.0 release</p>

Issues Resolved:

Release 7.15.0	
Fix Loop 2310D by not populating an address on the claim	<p><i>Maintenance and Setup > Insurance > Insurance > Page 2</i></p> <p>After correcting the functionality of the "Display 2310D Loop on 837" checkbox, it was found that this loop incorrectly populates an address in the 837 file. The address has been removed from this loop.</p>
